**CIVILIAN TO FILL SCHLEY'S POSITION****Salary of Executive Officer of Public Utilities Body About \$4,000.**

The transfer to New Orleans of Major Julian L. Schley, Assistant Engineer Commissioner and executive officer of the Public Utilities Commission, will leave vacant a position which will be filled by the appointment of a civilian. The salary of the executive officer is not fixed by law but is left to the discretion of the commission.

Col. Charles W. Kutz, chairman of the commission, said today that a successor to Major Schley had not been selected. The commission, he said, is searching for the best man available and is not confining its search to the local field. The position is regarded as one of the most important under the Public Utilities Commission, and an exceedingly competent man, Colonel Kutz said, will be required to fill it.

Major Schley's duties here end October 1, and a few days later he will leave for New Orleans to take charge of the defensive works at the entrance to the Mississippi river. He came to Washington as an assistant commissioner engineer in October, 1913, and in March, 1915, was given the added duties of executive officer of the Public Utilities Commission. Prior to his present assignment he was instructor of civil and military engineering at the United States Military Academy.

FIRST MARYLAND MEN RECEIVE PAY**New Guardsmen Await a Chance to Get to Town.**

EAGLE PASS, Tex., Sept. 20.—Members of the First Maryland Regiment today are wearing happy smiles. They have received their pay, and are impatiently waiting an opportunity to get into town. Today the Fifth Regiment will be paid off.

The paymaster visited the First Regiment late yesterday, and there are many requests for camp leave, but commanders were not honoring any applications. They needed every man to aid in resisting the night "attack" made upon camp by the Fifth, who were in this night guard duty. The First Vermont Regiment, stationed here with the Marylanders, will leave today. Private interest relieved yesterday by the First Tennessee.

FUNERAL RITES FOR CAPITAL RESIDENTS**Places and Time of Services Arranged by Bereaved Families.**

Daniel W. Perkins.
Funeral services for Daniel W. Perkins, who died Monday, will be held at his late residence, 1830 Columbia road, today at 3 o'clock, conducted by the Rev. A. F. Anderson, of Calvary Baptist Church. Private interment will be made in Glenwood Cemetery.

Horace F. J. Drake.
Funeral services for Horace F. J. Drake, who died Monday, aged seventy-four years, will be held at his late residence, 306 Holmes place, at 7:30 o'clock today. The body will be taken to Elizabeth, N. J., for interment. Mr. Drake had been an employee of the Government Printing Office for thirty years. He is survived by three children, Lillian, Horace, and Walstein Drake. He was a member of Phil Sheridan Post, No. 6, G. A. R., and the National Union, and was a Mason.

Agnes D. Lynch.
Funeral services for Agnes D. Lynch, daughter of Michael A. and Mary M. Lynch, who died Monday, will be held at her late residence, 608 Maryland avenue northeast, tomorrow, thence to St. Joseph's Church, where requiem mass will be celebrated at 8 o'clock. Interment will be made in Mt. Olivet Cemetery.

Edward Gillem.
Funeral services for Edward Gillem, who died Monday at Ekins, W. Va., will be held at St. Augustine's Church at 10 o'clock tomorrow.

Dennis Johnson.
Funeral services for Dennis Johnson, who died Monday at his residence, 1223 Third street, northwest, will be held at the Third Baptist Church tomorrow at 1 o'clock.

Honored Third Time by Petworth Citizens

Photo by Harris & Ewing. C. J. JAMES.

U. S. HEALTH SERVICE STARTS A CAMPAIGN**Begins by Asking Pertinent Questions About Your Personal Habits.**

Do you maintain a polluted well, and then complain about the undertaker's bill? Do you think screening is too expensive and blame your malaria on the climate? Do you insist on sanitary cigar factories, and then use a public cigar cutter? Do you carry a fine handkerchief and then forget to cover your mouth when you cough?

Thousands of circulars bearing these pertinent questions have been sent broadcast throughout the country for release in newspapers and magazines by the Public Health Service. The circulation of these questions is one phase of a national campaign of sanitation which is being inaugurated by the service.

Screening and clean wells, the officials in charge of the public health allege, play a most important part in the sanitation of all communities, and many cases of malaria and typhoid can be avoided by strict adherence to a policy of watching drinking water and keeping everything protected from flies and mosquitoes.

War is going to be waged from now on against public cigar cutters, and to induce people to use their handkerchiefs when they cough.

PETWORTH TO TRY FOR 500 MEMBERS**C. J. James Begins Third Term as President of Citizens' Association.**

C. J. James today began his third term as president of the Petworth Citizens' Association. The membership of the organization now is 325. President James has set 500 as the figure to be attained this year.

The re-election of Mr. James took place last night at the annual meeting of the association. The work accomplished during the past year prompted the membership in re-electing all the old officers as follows: J. C. Suter, vice president; T. C. Hester, secretary; Horace J. Phelps, financial secretary; W. L. Rhoads, treasurer, and J. C. Suter, E. W. Oyster, delegates to the Federation of Citizens' Association.

In his annual address President James referred to three important questions that will confront the association during the new year. These are the fight for the repeal of the Borland amendment, taxing street improvements to property owners; the opposition to locating the Government Hospital in Petworth; and a determined effort to procure Libby Park.

A special Libby Park committee, headed by Raymond E. Adams, has been authorized to collect funds for the purpose of purchasing the association's campaign for the park. The committee will be asked to include a request for an appropriation from Congress to buy the twenty-five-acre tract lying north of Upshur street between Georgia avenue and the Soldiers' Home property, and convert it into a public park and playground. The property commands an excellent view of Washington and Virginia and is ideally adapted to park purposes.

Improvements to be sought this year were recommended only so far as they will not be affected by the Borland amendment. One improvement, however, will be asked regarding the location of the Government Hospital. This is the cutting through of Varnum street, from Seventh to Ninth streets, to afford access to Grant circle. Additional funds for the new Petworth School also will be sought.

MILITARY HONORS AT MILLS FUNERAL**Body Will Be Sent to West Point for Interment.**

Final arrangements for the participation of military organizations in the funeral of Maj. Gen. Albert L. Mills, late chief of the division of militia affairs, have been completed by the War Department.

Services will be held at St. John's Church, Sixteenth and H streets, today at 3:30 o'clock. The body will be sent to West Point for interment.

Secretary of War Baker today issued orders for the Second Cavalry troops at Fort Myer and the Third District of Columbia Infantry and Battery A, District Field Artillery, to form a military escort. The Second Cavalry, the District Field Artillery, and the Third District Infantry will form the main body of the escort. The Second Cavalry, the District Field Artillery, and the Third District Infantry will form the main body of the escort. The Second Cavalry, the District Field Artillery, and the Third District Infantry will form the main body of the escort.

URGE NEW TRAFFIC RULES FOR SQUARE**Mid-City Citizens Try to Alleviate Conditions on Mt. Vernon Space.**

Amendment to the traffic regulations that will turn traffic in a new direction at Seventh street and Ninth street where they join Mt. Vernon square for the purpose of alleviating the dangerous condition of the crossings on both thoroughfares, will be sought of the Commissioners by the Mid-City Citizens' Association within the next few days.

These points are regarded as among the most dangerous for pedestrians in the city, and several accidents have occurred there within the past few months. New York avenue, Massachusetts avenue, K street, Seventh, Eighth and Ninth streets all pour traffic into the Mt. Vernon square from all points of the compass.

Work Out Plan.

At a special meeting of the Mid-City Citizens' Association called last night, these facts were brought out, and the suggestion was made that the committee on laws and legislation take up the matter of securing a traffic regulation requiring eastbound traffic to pass along the south side of the square and westbound traffic along the north side. It is thought this will eliminate some of the difficulties.

The meeting last night was called in response to the suggestion of the Commissioners that the citizens' associations present their recommendations for improvements as soon as possible in order to permit the Commissioners to include such recommendations in their annual report.

The Mid-City Citizens' Association considered numerous street improvement projects to be contained in recommendations to the Commissioners. Among these are better lighting for Fourteenth street from Thomas circle north; new sidewalks along Ninth street from F street to New York avenue; for the north sides of New York and Massachusetts avenues between Sixth and Seventh streets; for the east side of Ninth street from Mt. Vernon square to M street; for K street in the vicinity of farmers row and K street market particularly, and new lights on

A BALTIMORE LADY THROWN FROM CAR**Mrs. Reilly Relates How Her Stomach Was in a Dreadful Condition.**

A great specialist at one time said: "Stomach trouble is the curse of the modern woman. Nine out of every ten people we meet suffer from stomach trouble in some form. A chain is only as strong as its weakest link, and the weak link with us seems to be the stomach."

MRS. WILLIAM REILLY.

stomach; in other words, you cannot eat a well made woman with a diseased stomach. Plant Juice, the natural stomach remedy, being manufactured from medicinal herbs and plants, stands without a rival as a remedy for the ills of the stomach. It relieves indigestion and dyspepsia, often with the very first dose.

The following signed statement from Mrs. William Reilly, who resides at No. 121 Lake street, and moved to Pittsburgh from Baltimore over ten years ago, was recently received, which reads:

"About a year ago I met with an accident, being thrown from a car, which caused me to become a nervous wreck. My stomach was in a dreadful condition, and I could not keep anything solid on it, as it would ferment and cause gas, and the most awful distress. I had pains around my heart and all over my body, never could get any sleep at night and kept getting weaker and weaker every day. I tried every known remedy and all kinds of treatments, but none of them seemed to help me in the least, until my son bought a bottle of Plant Juice for me and insisted that I try it, which I did. I am now glad to state that it completely relieved the awful misery I was in, toned up my nervous system and my stomach is in such good condition that I can eat any kind of food without distress. I have no more aches or pains, sleep well at night and will recommend Plant Juice as a great medicine to build up the system. Plant Juice Man is at The People's Drug Store, corner of 7th and E Sts. N. W., where he is daily meeting the local public, and introducing and explaining the merits of this remedy. Free samples given—Advt."

Q street within the association's jurisdiction. Vincent Toomey was appointed to attend a meeting of the Columbia Heights Citizens' Association to be held tonight and co-operate with that organization for the paving of Georgia avenue and to help, so far as the Columbia Heights Citizens' jurisdiction lies, in securing new paving for Seventh street from New York avenue north.

The Mid-City Citizens will meet again Monday night at Fourteenth and U streets, when several reports will be considered concerning the annual Seventh street carnival.

Pennsy Employees Ready For Annual Inspection

All along the lines of the Pennsylvania east of Pittsburgh men are putting finishing touches on the track, and getting it in apple pie order—for soon will come the annual inspection of the general manager, and the men know what that means.

October 1 and 4 are the days set for this inspection, which is the forty-fourth annual one of the Pennsylvania lines. General Manager S. C. Long will go over the main line from Pittsburgh to New York in an especially equipped observation car.

The trip will mean that some of the men will be richer than they were before, for every year on the occasion of the inspection prizes to an amount of \$5,000 are awarded to the supervisors and their assistants who have maintained their roadbed in the best condition during the year. The 1916 award will be announced at Harrisburg October 5, at the Board of Trade building.

THE October list is the greatest list of great records ever issued in any one month by any company!

You need only glance at these names to know it—or to hear a few records to be convinced!

- Kathleen Parlow** plays the Thale "Meditation"—a wonder-record, a miracle of tone.
- Pablo Casals** puts the soul of the cello into his interpretation of Granados' "Spanish Dance".
- Chicago Symphony Orchestra** makes first recordings.
- Graham Marr** American operatic baritone makes his bow in two ballads.
- Lucy Gates** Coloratura soprano prima-donna sings Ibsen's "Solweig's Song".
- Johannes Semback** Greatest of German tenors sings the great "Sword Aria" of "Siegfried".
- Otto Goritz** Metropolitan Opera basso first records his mighty voice for Columbia.
- Margaret Keyes** beautifies two ballads with her rare contralto voice.
- Maggie Teyte** Daintiest prima-donna sings "Home, Sweet Home".
- Ballet Series** Under personal direction of Ernest Ansermet, conductor of Diaghileff's Russian Ballet Orchestra.
- Frank Gittelton** America's violin genius makes his initial Columbia recordings.
- Al Jolson** Greatest of black-face comedians makes America laugh again.

Then there are eighteen unusually good popular hits, including "My Country, I Hear You Calling Me" and "Pretty Baby"; ten sparkling dance-records, with "Walking The Dog", the big fox-trot hit, a "big four" of march hits, two patriotic songs, four beautiful recordings of the Columbia Stellar Quartette, orchestral triumphs, quartettes, trios, instrumental novelties and sacred music—everything that could make this the most varied, as well as the greatest monthly record list ever issued.

PERUNA and Rich Blood

No medicine can make blood, and claims to that effect are unfounded. What the medicine may do is to put the organs in such tone that the body will make the blood and renew it.

Correct breathing is essential to the freshening of the blood by supplying oxygen; correct digestion supplies the chyle that makes the blood. Peruna removes the congestion that interferes with the oxygen supply and removes the congestion that prevents perfect digestion. These are catarrhal in character. But Peruna also assists the excretory processes and tones up the system to effective working. When these are accomplished, the blood supply takes care of itself.

Anaemic People Need Peruna

It's the reliable tonic of the American home, and it has special value in catarrhal troubles. Its worth is proved by its long record of success—forty-five years.

In either liquid or tablet form—the latter very convenient for regular administration. Manalini is the ideal laxative. By its use the habit of constipation may be overcome. Liquid, 50c and \$1.00. Manalini Tablets, like candy, 10c and 25c.
